

Typical press connection using Electronic Coupling Pick up (E.C. Pick up)

TS-309

TS-309-B, E.C. Pick up adaptor "AKA Pigtail"
Gets wired to your presses counter

The E.C. Pick up adaptor would be wired in to the the Presses Counter or Count pulse. This is a 2 wire connection that requires a high / low voltage pulse from 8V - 120V AC or DC per printed sheet.
