

SHOOTER-III

Compact High Speed Single Head In-Line Tab Inserter

The Shooter III is a SINGLE HEAD Tab Inserter with the controls interface integrated into the tabbing head unit. It has all the features for fast, accurate tabbing as our multi-head models, but now in a more compact package at a lower cost.

Applications

- Can be used on any printing press, sheeter, or other production equipment with drop table delivery.

Standard Features

- In-Line batching at up to 3 tabs per second
- Accurate batch counts for reduced shortages and overages
- Touch Screen Operator Interface
- High Speed Tab Insertion
- Easily connects to your equipment for count signal.
Either dry contact or voltage (high or low).
- Total and batch counts
- Variable tape lengths
- Variable knife cut delay
- Adjustable height floor stand.
